

**THE NEXT STOP**  
**A Parent's Guide to the Main Bus Routes Serving Secondary Schools in Plymouth**  
**August 2008**

This leaflet is designed to help parents when deciding which secondary school they would prefer their child to attend in September 2009. Most opt for the local school or community college, often within easy walking distance of home, but others choose one outside the immediate area and may, therefore, need information about the availability of bus services.

All Plymouth secondary schools and community colleges are listed in this leaflet, together with the main bus routes that stop at, or very near to, each one and the local areas that each route serves. (The route number and operator are coded – for example, PC 50 is a Plymouth Citybus route serving Estover Community College from the city centre via Prince Rock and Leigham). For further information about routes and times contact:-

**First Devon & Cornwall Telephone 0845 600 1420**  
**Plymouth Citybus Telephone 01752 22221**

### **Warning**

This leaflet lists bus routes as at **August 2008**, but these may be changed or even cancelled at any time. The leaflet cannot, therefore, be a firm guide as to the bus services available from September 2009 onwards, nor does it imply that pupils using these services would be entitled to free school transport.

### **Free School Transport and Concessionary Fares**

The current position is that Plymouth pupils are not normally entitled to free transport to a mainstream secondary school because they all live within walking distance – defined in law as 3 miles by the shortest available walking route – of a designated comprehensive school. Free transport may be provided for exceptional reasons, for example, on medical grounds. Please note, that free travel is no longer provided to pupils attending a grammar school or a faith school.

Free travel may be available for pupils who are eligible for free school meals or where the family is in receipt of the maximum level of Working Tax Credit. For further information please see page 19 of the Next Step Guide for Parents.

The City Council currently provides a limited concessionary fare scheme. Concessionary fares are only available to pupils who are eligible for free school meals. For these pupils the scheme provides one return journey a day between home and school for half the adult fare, up to a maximum of 60p per journey.

Child fares are available to under 16's at the driver's discretion. **If you look over 14 you may be asked to prove your age.**

***Plymouth City Council monitors the quality of school transport provision to ensure that pupils' safety is paramount.***
